

QUALITY POLICY

Dhafir Development & Contracting's management and employees are committed to providing value-added quality services and products that fully conform to regulatory as well as client's contractual requirements.

We are therefore all aware of the vital role that quality plays in achieving our company's corporate objectives to:

- Ensure client satisfaction and improve business relationships
- Maintain a sound reputation
- Continuously develop and enhance organizational capabilities to retain competitive advantage and efficient operations
- Keep the pace with the latest construction techniques

It is the company's policy to establish, maintain and continually improve an effective and efficient Quality Management System that complies with ISO 9001 standard requirements.

Samir Chaghouri
Managing Partner
